

# KWBWA Member Spotlight

## Tiffany Rezende

Atoms Integrator

Owner

[tiffany@atomsintegrator.com](mailto:tiffany@atomsintegrator.com)

We are privileged to highlight the innovative and inspiring Tiffany Rezende, who joined the KWBWA in February 2018. Owner of Atoms Integrator, a company focused on connecting foreign entrepreneurs to our community, Tiffany is a Womenpreneur at heart — she is a visionary who is fueled by the success of others. Tiffany's flexibility and open-mindedness allows her to pivot and embrace new opportunities globally. Whether it's accepting the honour of attending and speaking at the EBW conference (Empowering a Billion Women global movement) in Austin, Texas or participating in the Creative Business Cup Global Finals in Copenhagen, Denmark, Tiffany is always shining a light on entrepreneurship in Canada and in her community.

A source of Tiffany's pride is in her role as a Mom watching her 16 year old son Gabe evolve as a bright and empathetic young business mind. She has taught him many life lessons including the ability to step up and step out of your comfort zone. To those who dare to take action and chase their dreams, you can be sure Tiffany will be there helping create an enriching experience for those on their entrepreneurial path.

Throw your dreams into space like a kite, and you do not know what it will bring back, a new life, a new friend, a new love, a new country. – Anaïs Nin
