Promyse Home Care
Executive Director

Marie.Wolf@promyse.ca

For more than 10 years, Marie Wolf has been providing loving care and support services to seniors and adults in our community. Formerly Retire-At-Home Services, Marie and her husband Mike just rebranded their business to Promyse Home Care, aptly named to reflect the brand experience “a better life, together”. At the heart of this business is a quiet leader who is a highly organized, open-minded and compassionate. It is these qualities that attract likeminded people in Marie’s life to help with their vision and delivering their “promyse” of exceptional quality care.

In a world that is currently experiencing a pandemic, Marie brings confidence and a calm demeanour that is necessary to run a successful health and home care business. She is an ultimate professional who prides herself on the hands-on care she and her staff provide to positively impact their clients and families. It is this type of poised leadership that has influenced their two children, Christina and Connor to be independent and self-assured as they strive for their goals. Thank you Marie for the amazing work you are doing to help make our world a better place.
