Creativity has always been at the heart of Kristin Moore and her jewelry business, Buy Moore Jewelry. The business name alone speaks to Kristin's innovative and savvy business mind. A former elementary school teacher, Kristin has followed her lifelong vision to build her own business. Like many female entrepreneurs, she had two goals in mind; one, to have a home-based business where she could juggle family and a career under one roof. Kristin and her husband are proud parents of two young kids who keep them both on their toes, especially in the last few months!

Kristin's second goal was to create a fulfilling career where she gets to design custom jewelry for those looking to have their ideas brought to life. Whether it's a piece of silver passed down from your grandmother turned into a pair of earrings or flowers from a special occasion turned into a beautifully designed pendant, Kristin's jewelry designs tell a story. Each of her pieces resonate with inspiration and love of her artistry.

"Creativity is a type of learning process where the teacher and pupil are located in the same individual. – Arthur Koestler
